

Game Play Instructions

Once you start the game, you will see the main game with the 5 options: play, high score, quit, help and a secret button

When you press the **play** button:

- Enter your username on the screen → you can enter both numbers and letters
- Go through the mini-story sequence by using your **right arrow key on the keyboard** to move your character Valentina close to the dealer character Nico.
- When you go into the screen where you(aka Valentina) choose whether to play or not by using **mouse click** on one of the button “*Sure, let’s play*” or “*Maybe not*”
 - If you choose to play you will go to the next parts of the storyboard. If you choose not to play, you will go through another set of storyboard sequences and then go back to the main menu.
 - In case you click the “Sure let’s play” button
 - Go through the storyboard sequence
 - Nico asks you to enter your bet. Bet value can also be in decimals
 - Once you enter your value using the keyboard, you can start to play blackjack
- **BlackJack Game starts**
 - If you win, Nico asks you if you want to play again, and you have the option to choose whether to play again. If you do not have any money, you will go through a small mini story and go back to the main screen.
 - If you choose to play again:
 - Nico asks you for your new bet
 - Once you enter the bet, you can start to play again
 - If you choose to not play again:
 - The high scoreboard and your rank will be shown
 - Once you click the back button, you will go back to the main screen.

When you press the **high score** button:

- You will see the top 10 players who have played the game.
- If you click the back button, you will go back to the main screen.

When you press the **quit** button:

- You will exit the game.

When you press the **help** button:

- You will see the first page of the help menu.
- Press “**enter**” on the keyboard to navigate through each help page.
- Once you have completed each page, press “**enter**” to exit and return to the main page.

When you press the **secret menu** button at the top right corner of the screen:

- You will go through a secret joke screen. What is the joke? That is for you to find out!
